Afraid of comeback if anything is reported.	Safer Communities Torbay	To be addressed in the You Said We Did Action Plan – LGBT
More police needed on streets	Torbay Council / Police	<p>Torbay Council Street Wardens work in the areas of highest need across Torbay and split their time between high visibility patrols of neighbourhoods and delivering key projects for their communities. Torbay Police Community Support Officers (PCSO's) are allocated to every neighbourhood, patrolling on foot to provide reassurance within the community and responding to local priorities in partnership with the council street wardens and other partner agencies. Current priorities include speeding and anti social behaviour.</p> <p>PCSO's undertake foot patrols on a daily basis, the Council Street Wardens work Monday to Friday, but will also work weekends and evenings if local projects require it. Such projects include: running events involving Junior Street Wardens; supporting the Stay Safe Project to tackle youth crime; and for community gatherings such as Halloween and Bonfire Night.</p> <p>Street Wardens and PCSO's are a community resource, so if a specific community wants them to work differently in their particular area, please let the police know and they will do their best to accommodate the request</p>
