

OPERATION FUNDAMENTAL

You said drugs were a concern in your neighbourhood. The local police have set up an ongoing dedicated operation named Operation Fundamental and between July and November 2009 we have...

- Executed 54 warrants.
- Made 37 arrests.
- Seized in excess of £61,000 worth of drugs and assets.
- Seized three vehicles under the serious organised crime and policing act.

It is important that the local community know that we are taking action and residents in the area where warrants are being executed are given information by way of a leaflet delivered to properties in the immediate vicinity.
